

## PRODUCT DATA SHEET

# RYE 10W/40 S/S

- 1) Description.** Multigrade semi-synthetic 10W/40 Detergent /Dispersant Engine Oil.
- 2) Application.** Petrol and Diesel engines where manufacturers recommend a 10W40 grade.
- 3) Advantages.** Improved engine protection gives greater reliability.  
Excellent low temperature properties ensure complete lubrication on start up  
Improved performance under all conditions.  
Maintains maximum engine efficiency.  
Suitable for use with all fuels.
- 4) Classification**
- |                             |                          |
|-----------------------------|--------------------------|
| API.                        | CH-4/CG-4/CF-4/SJ        |
| ACEA                        | E2/A3/B3                 |
| Meets the requirements of : |                          |
| VW                          | 501/505 Performance      |
| Volvo                       | VDS                      |
| Ford                        | WSS -M2C912-A / M2C913-A |
| Man                         | 271                      |
| MB                          | 228.1 229.1              |
- 5) Qualities.** Easy starting in winter and good high temperature protection  
Highly refined base stocks and advanced additives ensure maximum engine protection.
- 6) Typical characteristics.**
- |   |              |
|---|--------------|
| SAE   | 10W/40       |
| Kinematic Viscosity @ 100°Cmm <sup>2</sup> /s | 12.5 - 16.30 |
| VI  | 137          |
| NOACK   | 18.7         |
