

PRODUCT DATA SHEET

RYE TWO STROKE

DESCRIPTION

A non pre-diluted 2 stroke oil.

APPLICATION.

For 2 stroke engines using Petrol mixtures. eg motorcycles, mopeds, portable chain saws hedge trimmers etc
Suitable also for mechanical metering systems
NOT SUITABLE FOR OUTBOARD BOAT ENGINES

ADVANTAGES.

Low combustion chamber deposits.
Cleaner exhaust ports and pipes.
Maximum performance maintained for long periods.
Bearings protected against excessive wear and corrosion.

CLASSIFICATION.

T.S.C. 3.
JASO FB

QUALITIES.

Specially selected base oil.
Additive treated to control piston deposits and spark plug fouling.
Non pre-diluted.

TYPICAL CHARACTERISTICS.

SAE	30
Specific Gravity @ 15°C	0.890
Colour	Blue
Kinematic Viscosity @ 40°C mm ² /s	110.0
Kinematic Viscosity @ 100°C mm ² /s	11.8
Viscosity Index	93.0

MIXING INSTRUCTIONS FOR PETROL

Use only the ratios recommended by engine manufacturers and pour oil into petrol, followed by a vigorous shaking.
